Energy Efficiency: America's Job-creation Powerhouse

Alaska's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

4,373 people work in Alaska's energy efficiency sector.

Energy efficiency jobs are in every Alaska county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Alaskans money and boost local economies.

Please support policies and programs that will enable Alaska's energy efficiency sector to create jobs and provide benefits for communities.

“
[Weatherization] is vital for physical and economic survival [in rural Alaska].

Energy Efficiency: America's Job-creation Powerhouse

Faces of EE is an educational initiative led by the Building Performance Association, a nonprofit industry association dedicated to making all homes energy-efficient, comfortable, healthy, and safe.

Introducing a few of **Alaska's 4,300+** energy efficiency pros

@FacesofEE

This sample shows the variety of jobs in the energy efficiency industry and highlights the potential for growth when workforce development and training are prioritized.

Note: Some individuals pictured may have changed jobs since they joined Faces of EE.

**I deliver the
health and
prosperity people
everywhere
deserve.**
