Arkansas' energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

16,129 people work in Arkansas' energy efficiency sector.

Energy efficiency jobs are in every Arkansas county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Arkansans money and boost local economies.

Please support policies and programs that will enable Arkansas' energy efficiency sector to create jobs and provide benefits for communities.
