

46,177 Jobs

SUPPORT YOUR LOCAL ENERGY EFFICIENCY INDUSTRY

I'm proud to be part of decarbonization every day.

Halla Dontje Lindell
Center for Energy and Environment
Minneapolis, MN

Energy Efficiency:
America's
Job-creation
Powerhouse

Minnesota's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

46,177 people work in Minnesota's energy efficiency sector.

Energy efficiency jobs are in every Minnesota county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Minnesotans money and boost local economies.

Please support policies and programs that will enable Minnesota's energy efficiency sector to create jobs and provide benefits for communities.

Passion fuels my work.
