Energy Efficiency:
America's
Job-creation
Powerhouse

New York's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

135,393 people work in New York's energy efficiency sector.

Energy efficiency jobs are in every New York county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save New Yorkers money and boost local economies.

Please support policies and programs that will enable New York's energy efficiency sector to create jobs and provide benefits for communities.

[EE projects] address social, economic, and equitable vulnerabilities.
