Energy Efficiency:
America's
Job-creation
Powerhouse

Utah's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

34,013 people work in Utah's energy efficiency sector.

Energy efficiency jobs are in every Utah county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Utahans money and boost local economies.

Please support policies and programs that will enable Utah's energy efficiency sector to create jobs and provide benefits for communities.

Introducing a few of Utah's 34,000+ energy efficiency pros

@FacesofEE

This sample shows the variety of jobs in the energy efficiency industry and highlights the potential for growth when workforce development and training are prioritized.

Note: Some individuals pictured may have changed jobs since they joined Faces of EE.
