Energy Efficiency:
America's
Job-creation
Powerhouse

Washington's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

61,884 people work in Washington's energy efficiency sector.

Energy efficiency jobs are in every Washington county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Washingtonians money and boost local economies.

Please support policies and programs that will enable Washington's energy efficiency sector to create jobs and provide benefits for communities.

Introducing a few of Washington's 61,800+ energy efficiency pros

@FacesofEE

This sample shows the variety of jobs in the energy efficiency industry and highlights the potential for growth when workforce development and training are prioritized.

Note: Some individuals pictured may have changed jobs since they joined Faces of EE.
