Maine's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

9,003 people work in Maine's energy efficiency sector.

Energy efficiency jobs are in every Maine county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Mainers money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Maine's energy efficiency sector to create jobs and provide benefits for communities.

Faces of EE is an educational initiative led by the Building Performance Association, a nonprofit industry association dedicated to making all homes efficient, comfortable, safe, and healthy.
