Energy Efficiency: America's Job-creation Powerhouse

New Jersey's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

38,267 people work in New Jersey's energy efficiency sector.

Energy efficiency jobs are in every New Jersey county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save New Jerseyans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable New Jersey's energy efficiency sector to create jobs and provide benefits for communities.

Faces of EE is an educational initiative led by the Building Performance Association, a nonprofit industry association dedicated to making all homes efficient, comfortable, safe, and healthy.
