Energy Efficiency: America's Job-creation Powerhouse

**New Mexico's** energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

6,486 people work in New Mexico's energy efficiency sector.

**Energy efficiency jobs are in every New Mexico county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.**

**Support for energy efficiency will save New Mexicans money and boost local economies.**

**Energy efficiency is key to equitable growth.**

Please support policies and programs that will enable New Mexico's energy efficiency sector to create jobs and provide benefits for communities.

*Faces of EE is an educational initiative led by the Building Performance Association, a nonprofit industry association dedicated to making all homes efficient, comfortable, safe, and healthy.*
