Energy Efficiency: America's Job-creation Powerhouse

New York's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

129,946 people work in New York's energy efficiency sector.

Energy efficiency jobs are in every New York county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save New Yorkers money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable New York's energy efficiency sector to create jobs and provide benefits for communities.

[EE projects] address social, economic, and equitable vulnerabilities.

Alexandria Carver
City of Schenectady
Schenectady, NY

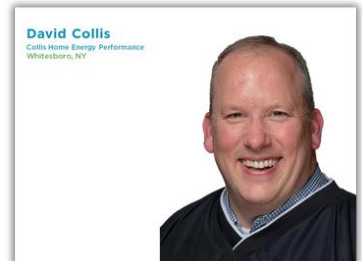

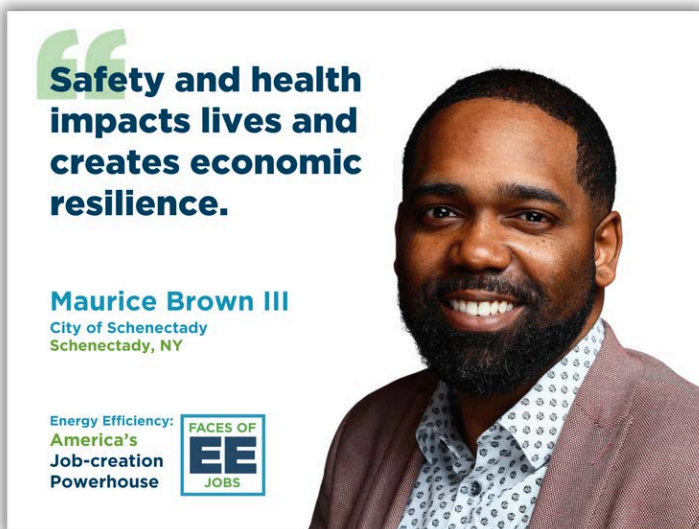

Energy Efficiency: America's Job-creation Powerhouse

Faces of EE is an educational initiative led by the Building Performance Association, a nonprofit industry association dedicated to making all homes efficient, comfortable, safe, and healthy.

@FacesofEE

This sample shows the variety of jobs in the energy efficiency industry and highlights the potential for growth when workforce development and training are prioritized.

Note: Some individuals pictured may have changed jobs since they joined Faces of EE.

It's paramount that we train the future workforce as we move away from fossil fuels.
