Energy Efficiency: America's Job-creation Powerhouse

Texas' energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

172,917 people work in Texas' energy efficiency sector.

Energy efficiency jobs are in nearly every Texas county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Texans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Texas' energy efficiency sector to create jobs and provide benefits for communities.

“We strive to get the community to work together to become more energy efficient.
