Energy Efficiency: America's Job-creation Powerhouse

Utah's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

32,800 people work in Utah's energy efficiency sector.

Energy efficiency jobs are in every Utah county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Utahans money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Utah's energy efficiency sector to create jobs and provide benefits for communities.

Faces of EE is an educational initiative led by the Building Performance Association, a nonprofit industry association dedicated to making all homes efficient, comfortable, safe, and healthy.
