Energy Efficiency: America's Job-creation Powerhouse

Wyoming's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

6,939 people work in Wyoming's energy efficiency sector.

Energy efficiency jobs are in every Wyoming county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Wyomingites money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Wyoming's energy efficiency sector to create jobs and provide benefits for communities.

“There is no denying that saving energy helps everyone.”
