Connecticut's energy efficiency industry creates good jobs, lowers bills, and strengthens the economy.

35,250 people work in Connecticut's energy efficiency sector.

Energy efficiency jobs are in every Connecticut county. Woven through communities via manufacturing, construction, professional services, and more, EE jobs are the backbone of the energy sector.

Support for energy efficiency will save Connecticut's money and boost local economies.

Energy efficiency is key to equitable growth.

Please support policies and programs that will enable Connecticut's energy efficiency sector to create jobs and provide benefits for communities.
